

Please consider this document pertaining to the usage of any products, developed, supported and distributed by HTI, in terms of the Licence & Maintenance Agreement that you agree to at the inception of the contract entered into between the {Client} and HTI (Pty) Ltd and is in force in perpetuity without written cancellation and the required completion of any notice period(s)

Product Disclaimer (also available in the 'Help', 'About' section in certain of the application(s))

****LICENSING**

The on-premise products ("the products") are sold to you in terms of a Run Time License Agreement. If you do not agree to these terms, you should not install the products and return the full product or product suite promptly without completing the installation.

All Run Time Licenses must be renewed once the expiry date is reached. Once your license has expired, you will be prompted for a new License Key. Please call HTI (Pty) Ltd on +27 11 803 2208, quote the registered name and obtain the new License Key if your account is up to date.

All SaaS applications will be activated and deactivated according to the same licensing / payment terms as agreed upon in the contract between the {Client} and HTI (Pty) Ltd.

COPYRIGHT

The products are owned by Hospitality Technology International (Pty) Ltd and are protected by copyright laws. It should be treated like any other product under copyright.

However, you are authorised to make copies of the products solely for backup/security purposes. No authorisation is allowed for the copying of manuals or any part thereof, or any other typed material which forms part of the product suite.

TRANSFER

You may not rent, lease or sell the products or any copies of the products to any third party without the prior written permission of HTI (Pty) Ltd.

WARRANTY

All HTI (Pty) Ltd products are supplied "as is", without any warranty of any kind, express or implied. HTI (Pty) Ltd does not warrant that the operations of the products will be uninterrupted or error free, nor does it assume any responsibility or liability whatsoever for any damages suffered as a result of the use of, or inability to use, the products.

Some of the products include software developed by the Apache Software Foundation (<http://www.apache.org/>)
